Typography

Type Scale (1.2)	Size(< 480px)	Size(> 480px)	Line spacing
Heading 1	46px	92px	1.5
Heading 2	29px	58px	1
Heading 3	23px	46px	0.5
Body Text 1	16px	32px	0.5
Body Text 2	14px	28px	0.25

Guidelines

Color

- Use the primary colour for background.
- Use the secondary and fifth colour in linear gradient for progress circles and buttons.
- Use dark shades for text on light backgrounds.

Typography

- Use poppins font family.
- Use heading h1 for main titles and headings.
- Use heading 2 for subheadings.
- use body text 1 for paragraphs and main content.
- use body text 2 for smaller texts, such as button text and captions below images.

Components

- Use Social icons to link to relevant social media profiles.
- Use circular bar as a progress bar.
- Use buttons for submission.
- Image cards to insert project images.
- Use menu icon for dropdown menu bar.

Hello World!

I'm Tsion Shimelis

A Front End Developer

Freeze!

Hello! I enjoy combining my artistic vision with technical know-how to make concepts a reality. I enjoy making the web a more interesting place for everyone, whether that means creating slick user experiences or resolving challenging design problems!

When I'm not coding, you can find me either curled up in my bed watching my all time favourite "The Office" or exploring the vibrant city of Addis Ababa.
